

Aki-Aki the little

Once upon a time there was town, «Othondia». Little

He grew up and he went to

. There he met two close friends, the

and the

. They helped him to stay clean until a little girl, Zaharitsa, came to

school.

When he met her he loved her and they were together from the

until late

at

One day he had a

because of Caries.

Caries was a bad witch who was a friend of Zaharitsa. One night as Aki-Aki was sleeping a

good

came in his dream and she advised him to go back to his old friends, the

toothbrush and the toothpaste. So the next morning

went to his old friends.

They advised him to stay away from Zaharitsa. When he left he was very sad because he would lose his friend. However he listened to their advice and he never met her again. He met new friends who loved them very much.

Lakis the

, Takis the

and Ritsa the

along with his old friends

helped him to be

. So he was well again.

As far as Caries and Zaharitsa is concerned ... they were

sent away from Othondia ... forever!!!
